

# SEPTEMBER IS WORLD ALZHEIMER'S MONTH

- Alzheimer's accounts for about 70% of dementia cases
- Dementia is the second leading cause of death in Australia
- Dementia is the single greatest cause of disability in older Australians
- There is no cure

Join researchers from the Australian Alzheimer's Research Foundation to hear the latest on Alzheimer's disease research and what strategies you can implement to potentially reduce your risk of developing this disease.

*Both lectures will have the same content*

**Wednesday 19th September 2018 at 10am -11am**
